- HK was extremely helpful in typing up a large discussion supplement every week that perfectly summarized what we covered in lectures in a very distinctive and clear manner.
- Hong Kiat Tan was a super helpful, enthusiastic TA. He was always prepared and ready to answer any questions about course-materials. He made sure we understood concepts by explaining them in an easy-to-understand way.
- I loved HK!!! I thought he was a great TA and I consult his supplements the most out of all the documents provided this quarter. HK is really energetic in lecture and reviews material at a relatively speedy pace. His discussions always help me clarify certain topics I might be confused about and I feel comfortable seeking him out during office hours for more help. I don't have much to critic him on and I think that I would definitely have him as a TA again if the chance presents itself.
- Provided extremely helpful summaries of concepts covered in the previous lectures of the week and consistently made course material more intuitive and approachable.
- The TA was excellent. The supplements he created were EXTREMELY beneficial and really enhanced the learning process.
- Very good
