- Hong Kiat is the best TA I've ever had. He makes an effort and even surprises us with learning our names and explains things fantastically. I feel like I've learned as much from Hong Kiat as the professor. He makes things really easy to understand. I don't think I could have passed this course without his help.

- I did not go to any discussion, but HK's discussion supplement notes proved invaluable to my learning in this course. From the recordings, he also seems like a nice and knowledgeable guy. Thumbs up

- I studied his section material more than the professor's lectures. He did an excellent job at making the course material understandable and he was very approachable, unlike the professor.

- TAN is the GOAT!!! Excellent communication, mastery of course content, extremely helpful during office hours. Can't find a TA more perfect than Tan

- Very responsible
