- Actually, just the best person. Extremely helpful
- Great TA!! Really cared about student learning, very solid explanations in discussion sections, well-written and detailed discussion supplements, and super friendly and helpful in office hours!
- Hong Kiat is by far the best TA I've had in the department. Discussion sections are super informative and the amount of time he puts into discussion notes is apparent from how clear and understandable they are. Homework assignments were graded incredibly quickly and thoroughly, and HK was always available to help.
- Hong Kiat is the GOAT!
- Hong Kiat was a great TA. His discussion supplements were so detailed and his discussions were really helpful for both the qual and any difficult homework problems. He was also very helpful in office hours and made sure everyone understood the question before moving on.
- The detailed discussion notes were very helpful in weeks when I could not make it to discussion.
